The money thus obtained (after paying necessary

The money thus obtained (after paying necessary expenses, is applied—
First.—To the production of a large and costly ORIGINAL ENGRAVING from an American painting, of which the plate and copyright belong to the Institution, and are used solely for its benefit. Of this Engraving every member receives a copy for every five dollars paid by him. Members entitled to duplicates are at liberty to select from the engravings of previous years. Whenever the funds justify it, AN EXTRA ENGRAVING OR WORK OF ART is also furnished to every member. Every member also receives a full Annual Report of the proceedings, &c., of the Institution.

Second.—To the purchase of PAINTINGS and SCULPTURE, STATUETTES in Bronze, and MEDALS, by native or resident artists. These paintings and sculptures are publicly exhibited at the Gallery of the Art-Union till the annual meeting in December, when they are PUBLICLY DISTRIBUTED BY LOT among the members, each member having one share for every five dollars paid by him. Each member is thus certain of receiving in return the value of the five dollars paid, and may also receive a painting or other work of art of great value.

also receive a painting or other work of art of great value.

Third.—The Institution keeps an office and FREE PICTURE GALLERY, always open, well attended, and hung with fine paintings, at 497 Broadway, where the members in New York receive their engravings, paintings, &c., and where the business of the Institution is transacted.

Fourth.—The BULLERIN of the Art-Union, which has now been enlarged to include, in addition to the usual Catalogue of Pictures and List of Subscribers, particular descriptions of works purchased for distribution, news of interest in relation to the Fine Arts, extracts from the correspondence of the Institution, Wood-cut Illustrations of Paintings belonging to the Gallery, and generally such matters of interest connected with the Art-Union as may be desirable to subscribers, will be furnished gratuitously to Honorary Secretaries, and to those members who, after paying their subscriptions, shall signify their desire to have it forwarded to them by mail. To all others the price will be six cents per number.

number.

Distribution of the Engravings, and the Annual Report of the year 1848.—The Engraving of "Queen Mary signing the Death Warrant of Lady Jane Grey," upon steel, and measuring 23 inches by 152 inches, was finished early in the year, and has been in the hands of the printer ever since its completion. Prints are being taken from it at the rate of fifty per day, and the distribution of them will commence about the first day of May next.

An effort will be made to deliver them as nearly as possible in the order of the receipt of subscriptions. Those Honorary Secretaries, therefore, who transmitted the earliest remittances may expect to be first supplied. The Outline Ilustrations of Rip Van Winkle will be ready for delivery at the same time with the "Queen Mary."

The "Transactions" will be published and distributed at the same time with the engravings.

The Engraving for the year 1849.—The plate of "Youth," being the second picture of Mr. Cole's celebrated series of the "Voyage of Life," is in progress under the skilful burin of Mr. James Smille, who will undoubtedly make it the best large land-

gress under the skilful burin of Mr. James Smille, who will undoubtedly make it the best large land-scape engraving ever executed in this country. A small etching of this picture will accompany the volume of "Transactions" about to be published.

The Medal for the year 1849.—The subject of this medal is the head of Colonel Trumbull, in continuation of the series of distinguished American artists, commenced by the representations of Allston and Stuart.

Stuart.

Bronze Statuettes.—A committee was appointed some time since by the General Board to inquire into the expediency of procuring statuettes in bronze for distribution at the next annual meeting. The London Art-Union for several years has expended most judiciously a portion of its funds in encouraging this branch of Art. There has always been a difficulty in this country in obtaining proper workmen, which is the principal reason why reduced copies in heaves have not already been made workmen, which is the principal reason why reduced copies in bronze have not already been made of several exquisite statues, modelled by our own artists, and which seemed peculiarly adapted to this mode of treatment. This obstacle has now been removed, and there are here at present several persons lately arrived from Europe, who are fully competent to undertake this kind of work. Indeed, the small bust of an Indian, beautifully modelled by Brown, has been reproduced in bronze by one of these artists in a very satisfactory manner. A resolution has accordingly been passed, in accordance with the recommendation of the special committee of inquiry, that Mr. Baown be commissioned to model a statuette in bronze, twenty inches in

mittee of inquiry, that Mr. Baown be commissioned to model a statuette in bronze, twenty inches in height, illustrative of Indian form and character, and that twenty copies in bronze be cast for distribution among the members of the year 1849.—A set of Outlines, similar to the illustrations of Rip Van Winkle, will undoubtedly be published for the members of the present year. The special committee upon Engravings have the subject under consideration, but have as yet made no report upon it to the General Board. Due notice shall be given as soon as that body pass a decisive resolution in relation to it.

The effect of the additional New Class of Insured

The effect of the additional New Class of Insured Members to be conducted upon the Stock principle (under which all the profits go to the Stockholders instead of the Insured members) will be to carry the value and price of shares from 10 to 20 per cent. above par within the first year. The plan of business surpasses that of every other Company for permanent safety or certain interest, and the Stock will be carried to 120 or 150 within five years.

July 19 THE above place will be open for the accommodation of visiters on the let of June. This delightful watering place is at the mouth of the Potomac river, and in full view of the Chesapeake Bay. A constant and regular sea-breeze, beautiful shadetrees, and the great safety of surf bathing, (there being no under-current,) combine to make this one of the most pleasant and healthy resorts to be found. It is situated on the beach, but a few yards from the water, with every convenience for bathing free of charge, where will be found obliging and competent attendants.
